## Schools Open Next Week in Antioch, L. Villa Townships with Total Greater Enrollment; Two New Grade School Buildings to be Used

High School Students to Register  
On Wednesday With Classes Thursday;  
Enrollment Expected to Reach 700

It will be back to school next week for the children of Antioch and adjoining townships.

New buildings will be put into use for the first time at Oakland School in the Antioch Grade School District, and the B. J. Hooper school in the Lake Villa district.

The over-all enrollment is expected to be substantially larger, although the increase in the Antioch Grade School is not expected until next year.

The grade schools will open on Tuesday and the high school on Wednesday. Antioch Grade school district pupils will register Tuesday morning and return home at 11 a. m. The teachers will have their meeting in the afternoon.

Antioch High School students from Allendale, Antioch Grade, Baptist Children's Home, Channel Lake, Emmons, Grass Lake, Hickory, Lake Villa, Millburn, Newport, Prince of Peace and St. Peter's will be giving up their activities of the summer to enter high school next week.

Enrollment of the high school is estimated to reach approximately 705 students—110 Seniors, 195 Juniors, 210 Sophomores and 190 Freshmen.

Students will report to the high school on Wednesday to pay fees and receive general information. Principal Albert Dittmar has announced. Students will report to the girls' gymnasium in accordance with the following time schedule:

Freshmen	8:00-10:30
Sophomores	10:30-12:00
Juniors	1:00-2:00
Seniors	2:00-2:30

All freshman pupils will be given a dental examination at the time of registration and they are urged to bring with them the health cards that were recently used for the physician's examination.

The textbook rental system used for the past several years at the local high school will again be used. The rental system eliminates the purchase of books and reduces the cost to the parent by about one-third. The fees to be paid are as follows:

Textbooks, \$6.00; towel fee, \$4.00; student accident insurance premium, \$1.50 for a total of \$11.50; in addition to the textbook fee there will be, for some students, additional miscellaneous rental fees for material to be used in class.

The rental system has a money saving measure to the parents because (continued on page 5)

## Rep. W. J. Murphy Defends Stand on Planned Bingo Bill

Rep. W. J. Murphy, Petite lake, said that he has received letters deploring the fact that he has announced his intention to introduce a resolution in the next session of the General Assembly to legalize bingo for fraternal and religious groups.

"The objectors, all good people, are certainly entitled to their opinion the same as I am to mine," said Rep. W. J. Murphy. However, I wish to remind them that we have had the anti-gambling laws on our state statutes and in our constitution since we have had statehood, and due to these very laws we have had corrupted public officials down through our history. Yet has it stamped out gambling or even lessened it? We all know the answer is an emphatic No."

"Do these people mean to tell me that bingo is any more gambling than the race tracks, or insurance companies, or the stock market. Let's quit hiding our heads in the sand on these issues!"

Rep. Murphy said that he proposes to offer a resolution that would amend Article 4 of the Constitution to allow bingo to be played in legal fashion as operated by fraternal or religious organizations that are non-profit groups.

"I hope to have the resolution spell out the manner that the legislature would set up the act, if approved, so that it would be by local option of the people and by referendum. The people of the entire state can voice their approval or disapproval of this amendment at the Ballot box. Even then it is my intent that it would still take local approval before bingo could be operated."

### CHANNEL LAKE SCHOOL

The Channel Lake Grade school will open Tuesday for registration beginning at 9 a. m. The first classes and hot lunch will be on Wednesday.

## Tax Bill Hurricane Strikes Antioch With 25% Hike

Several Hundred Letters Undelivered Because Of Faulty Addresses

Annie, the tax bill hurricane struck Antioch and Lake Villa Townships Monday.

Its gusts exceeded by 25 per cent those of last year, causing vast damage to family budgets.

It was the first time that the bills have been sent out by the county collector, instead of the township collectors, and coming later than usual gave little time between the time for payment of the first installment and the final installment Oct. 1.

Postmaster Roy Kufalk said that several hundred pieces of mail were returned to the court house in Waukegan because of insufficient address, and he had received complaints from some taxpayers that they had not received their notices as yet.

"We have attempted to deliver all tax notice letters that have been sent to our office," Postmaster Kufalk said.

The increase, caused largely by the increase in the multiplier which sought to equalize property values with the median of the rest of the state, also included increase due to school construction and education. There was a slight increase in the village tax.

Those assessed on the same valuation as last year found that their increase was about 25 per cent, but because this is the year for re-valuation, some found their valuations higher.

Reactions from the taxpayers varied. Those with fixed incomes suffered most. Others took the philosophical attitude that taxes are a cooperative method of purchasing services and supplies and those received now make for better living than years ago when services were fewer and taxes lower.

## Antioch High Grad-On Carthage Squad

Carthage, Ill. — Dennis Beattie has been asked by the Carthage College coaching staff to be a member of the Redmen football team during the coming season.

Beattie, who will begin his first year at Carthage College this fall, is a graduate of Antioch High School.

All football players are to report on the Carthage campus Monday, Sept. 1. Gear will be issued Monday afternoon, and practice is scheduled to begin Tuesday morning, Sept. 2. The team will practice twice a day until classes begin at Carthage Sept. 12.

### CLAIM LOST ARTICLES

Clothing, especially jackets and other articles left at the Little League park during the season are at the refreshment stand and can be claimed through identification, Mrs. Anita Durling, president of the Antioch Little League Women, announced.

## N.I.U. Dean Speaker At School Institute; Public May Attend

"Challenges in American Public Education" will be discussed by Dr. Robert L. Thistlethwaite, associate dean of instruction, Northern Illinois University, at the Antioch High School Teacher Institute Tuesday.

Citizens of the Antioch community are invited to hear Dr. Thistlethwaite speak at 9:30 a. m. in the high-school auditorium.

Dr. Thistlethwaite came to North-

ern Illinois University in 1954 after serving for four years as associate professor at Western Illinois University. His undergraduate study was done at Central Missouri Teachers College with the Master's and Doctor's degrees awarded from Iowa University.

Dr. Thistlethwaite has written numerous articles, pamphlets and books on business, labor and education. He has been elected to many offices and boards and is affiliated with several professional clubs.

## Joanne Paddock Winner At Hoosier Horse Show

Joanne Paddock, Grass Lake, won a first place trophy with her mare, Invarak, a beautiful Arabian animal, Sunday in the Western performance class at the Indiana State Horse show near Elkhart, Ind., Sunday. Joanne has been a consistent winner this year both in Illinois and Wisconsin.

## Preparation for Boy Scout Fund Campaign In October Started With Leader Selection

Preparations are under way for the community campaign to raise money for the North Shore Area Council of Boy Scouts of America, Robert Gaston, newly appointed campaign chairman, announced today.

The campaign will be conducted mainly in October. Heading the special gifts division as chairman is Richard Hawkinson of the Illinois Bell Telephone Co., Roy Kufalk, Antioch postmaster, will serve as prospects and rating chairman; William Brook of the State Bank of Antioch, solicitations chairman; and Jack Fields, also of the bank, audit chairman.

Chairman Gaston today put in a call for volunteers in raising the money for this vital youth work. The goal for the council is \$28,300.

Money subscribed in this campaign will be used for maintenance and increase of the Boy Scout Program. The North Shore Council trains leaders, maintains camps, supplies materials, keeps records, and arranges programs for scout troops, provides buses for transportation to scout meetings, and in general promotes Boy Scout work in the North Shore area, comprising much of Lake County and includes the Antioch-Lake Villa area.

The chairmen will soon meet with solicitation leaders and their assistants to prepare for the campaign.

## Rep. Church Tells of Coast Guard Academy Examination in 1959

Representative Marguerite Stitt Church (R), 13th District, Illinois, announced today that the nationwide competitive examination for entrance to the United States Coast Guard Academy at New London, Connecticut, will be held on February 24 and 25, 1959. The deadline for submitting applications is January 15, 1959.

Each candidate must be single, must have reached his seventeenth but not his twenty-second birthday by July 1, 1959, and must be in excellent physical condition. A high school diploma is the minimum educational requirement, although high school seniors assured of being graduated by June 30 are eligible to take the examination.

The four-year course, equivalent to a college education, leads to a bachelor of science degree and a commission as a career officer in the United States Coast Guard.

Interested young men should write immediately to the United States Coast Guard, Washington 25, D. C., or for further information, to Representative Marguerite Stitt Church, House of Representatives, Washington 25, D. C.

## Tri-State Tollway East of Antioch Through Lake County Opens Today

### Labor Day Crowds In Antioch Area Subject to Weather

Vacationers to Have Last Fling Before Return to City Homes

The Antioch area is prepared for large crowds over the weekend and Labor Day as vacationers prepared their last fling at recreational events before the opening of schools and the end of vacation season.

The size of the crowds will depend mainly upon the weather.

Antioch business houses expect to see rush of trade tomorrow and Saturday. On Monday most business places except those providing emergency services or catering to resort trade will be closed.

The Aqua Center will close at the end of Labor Day until next summer, and organized summer sports will near an end.

Chain of Lakes resort owners are hoping for fair and warm weather to top off their season of service to the vacationers.

A. W. Shunneson, official of the Chain of Lakes Resort Owners Assn. characterized this season as medium as compared to resort business over the years. He said that May started out good, but that June and July were poor because of excess rain. August was much better.

The families will return to the cities and the children to school after Labor Day," Shunneson said. "Thereafter we will get the fishermen who are aware that fish bite better in cooler weather."

Antioch police will be on duty full strength to handle traffic and prevent congestion, especially on Main and Lake streets.

The Antioch Rescue Squad will have extra detail to care for emergency situations.

### Little League Season Ending

The Little League season is approaching the home stretch and the public is invited to see some good baseball games in the next few days.

## 80 Candidates Report for Football Practice At Antioch High, Season to Open at Wilmot

Antioch Township High school opened its football practice Monday with 80 boys reporting. Equipment was issued Monday and workouts were started immediately.

The Sequoits will be under Head Coach Robert Walther. Coach Walther is in his second year here at Antioch. He will be assisted by William Baird, who held the same coaching assignment last year. Baird is in his third year as a member of the Antioch Athletic staff.

The sophomore team will be guided by Roy Nelson, who came to Antioch this season from Paxton, Ill. Nelson has had considerable experience in football coaching as head coach at Paxton and as an assistant in the Decatur system. He played football at Bradley University and served as captain of the 1947 team. His home was originally Highland Park, Ill.

The freshman squad is being coached by Holland Boaz. This is the first year of coaching for Boaz. He has had playing experience in high school and college. He is from Fulton, Ky. His college training was taken at Western Kentucky State and Texas A. & M.

Walther and the coaches report that the boys are very enthusiastic and are working hard. Drills are being held morning and afternoon during the first week. The team and the coaching staff are determined to improve upon last year's record.

The Sequoits open up the season against Wilmot, Wis., on Friday evening, Sept. 12 at Wilmot. The sophomore team will have its first game Monday, Sept. 15, after school here at Antioch. The freshman (continued on page 5)

### DENIES REPORT OF INSURANCE

John Samulovich, who leases the Sunny Hill farm on Rte. 173, where a fire leveled a barn a week ago Saturday, said that he carried a \$2,000 insurance policy on a \$4,000 tractor that was destroyed, but denied that he had insurance on 20 tons of hay, 2,000 bushels of grain, live stock, and three wagons and other implements which were lost. It was previously reported that these were insured. He placed his loss at \$10,000.

### Three Chicago Persons Hurt in Accident Here

Three Chicago residents were injured early Sunday when the car driven by Joseph F. Walsh, Jr., went out of control on Rte. 59 at Beach Grove road south on Antioch, ran off the pavement, hit a concrete abutment, and skidded along a ditch to a stop.

Treated for cuts and bruises at the Antioch clinic were the passengers, Joyce Berge, 19, Marilyn Jackson, 19; and Conrad Hillesheim, 22. The accident resulted from a tire blow-out.

## Fire Causes \$3,000 Damage at Rogers Home, Channel Lake

Fire did \$3,000 damage to the home of Mr. and Mrs. Lewis Rogers at Woodbine and South aces, Channel Lake at 5 p. m. Saturday.

Cause of the blaze in the new home of the Rogers was believed by firemen to have resulted from defective wiring of a dryer.

Three of the walls and the roof of the two-bedroom residence were badly damaged by fire and the household goods were damaged by water. The Antioch fire department was able to extinguish the blaze with such rapidity and save enough of the building so that the Rogers were able to occupy it Tuesday.

Mrs. Rogers was alone at the time the fire started and was given first aid for shock by the Antioch Rescue squad. Mr. Rogers was assisting in the subdivision's carnival when the alarm was sounded. He is employed in Milwaukee.

A cousin of Mrs. Rogers, Jack Whelan, a member of a Chicago fire department for 18 years, picnicking at Stanley's, said he never saw greater efficiency in fighting a fire, and in giving first aid than that shown by the Antioch departments.

### Lower Minimum Age Of Applicants For Post Office Position

Inasmuch as an insufficient number of applications has been received for the positions of substitute clerk and substitute carrier for duty in the Antioch post office under a previous announcement, the United States Civil Service Commission has amended the age paragraph to provide for a minimum age requirement of 17 years for duty in the local post office.

Applications will be accepted from bona fide patrons of Antioch, Ill., who have reached their 17th birthday. There is no maximum age limit.

George Olisar, Antioch Grade School band director, is playing with the orchestra of the musical comedy, "My Fair Lady," in Chicago this month. The Olisar family spent last month in Connecticut, New York and New Jersey.

## Parade and Program to Accompany Gift Of Flag to Lake Villa by Baptist Children

An American flag, gift of the children of the Lake Villa Central Baptist Children's Home, will be presented to the village in a public ceremony at 10 a. m. Monday—Labor Day.

The presentation will follow a parade from the Village Hall to Lehmann Park. Dedication and raising of the flag will be conducted by Lake Villa Memorial Post 4308, V.F.W.

The parade will introduce three Lake Villa members of the Shea Strutters—a baton drill team from Waukegan that has been winning consistently in recent appearances in Rockford, Elgin, Aurora, Milwaukee, Springfield and New York.

The Lake Villa members will form the nucleus of a drill team to be organized in Lake Villa by Jean Shea under the auspices of the V.F.W. and its auxiliary. They will march

## Temporary Service Will Relieve Holiday Rush, Formal Opening Later

Fourteen Interchanges In County With Fewer For Northbound Traffic

Without fanfare, the tollway through Lake County will go into use at 6 p. m. today.

Before the sun sets the swish of the cars over the new white ribbon will be heard between Rte. 173 and the Cook County line where the road connects with Edens Expressway, a freeway of like design.

Formal opening ceremonies are planned near the end of the year. Last week a 9-hour celebration was held at the opening of the Chicago-Beloit sector, but the dedication for this sector will await completion of all of the 83 miles of roadway.

Opening of the four-lane roadway—two lanes each way—takes place at this time to take care of the Labor Day and weekend traffic which otherwise would clog the present highways.

The Antioch News has received a supply of maps giving detailed information about the tri-state tollways and these will be given without charge to all who call at this office. The folders, supplied by the Tollway authorities, gives information as to entrances, exits, speeds, prices, and uses.

There are nine entrances from other highways in Lake County for motorists going south. They are Edwards road and Skokie hwy., Rte. 173, Grand ave., Belvidere rd., Buckley rd. (Rte. 137), Rte. 176, Rte. 59A, Half Day rd., and Deerfield rd.

For motorists going north there will be fewer entrances. They are at Edens Expressway north of Dundee rd., Rte. 42A, Half Day rd., Rte. 63, and Grand ave. Exits will be the same as for southbound traffic except that at Rte. 41, the exit will be at Rte. 173 (Rosecrans) rather than Edwards rd. Exits for southbound traffic are at Grand ave., Half Day rd., and Waukegan rd.

Cost Two Cents a Mile  
Cost of travel on the new road will be 2 cents a mile or 60 cents for the 30-mile section to open this evening.

Persons traveling this section of the Tri-State Tollway will discover that speed is limited to 60 miles an hour in contrast to the 70-mile limit in certain areas of the Chicago-Bel-

Zoning Officer Says Most Complaints are From Antioch Area

Zoning Officer Harry J. Carlson said that Antioch Township furnishes the most complaints over building and zoning matters with Grant Township second. He said that some complaints concern health and not building and zoning at all. The appointment of a health officer and activity of the health department is expected to cut down on the number of complaints coming to Carlson's department. They include lake pollution, trash collection and dead fish.

Carlson said that he has even answered questions regarding child labor and marriage licenses.

The Baptist children bearing the flag will come next and thereafter will come the American Legion, Legion Auxiliary, Lions, firemen, policemen, and Rescue Squad members and truck equipment.

Cmdr. Kasting will serve as master of ceremonies at the park. One of the children from the home will present the flag to Village Clerk Neil Reidel, who in turn will present it to the V.F.W. for raising. The buglers will sound the fanfare and call to colors, and the flag will be raised into position. Taps and the benediction will follow.

The public is invited to attend.

## Real Secret Weapon

"We're paying a great deal of attention lately to our atomic and outer-space race with Russia. I hope you and I don't make the mistake of thinking this is strictly a scientists' show, and leave it all to them.

"Because the individual citizen and his personal effort are still going to decide whether the world will be free or slave. We're the real secret weapon in the battle for world power and peace.

"Sometimes, though, I'm afraid we forget this. We forget it when we tax profit so excessively we discourage a man from risking his savings to found new businesses or expand existing ones.

"We forget when we confiscate as taxes so much of what a man earns we destroy his incentive to produce and contribute more.

"We forget it when we demand and get higher wages and shorter working hours, with no thought of producing more.

"We forget it when we fail to share the profits of a business with the productive people who help us make it.

"We forget it when we take our freedom and way of life smugly for granted and fail to work to preserve both.

"Our scientists can create new weapons and new tools for our survival. But these are only the start. It still takes the best you and I have to give."

By Bill Butler, Manager field operations, Union Oil Company of California.

## "Not Charity, But A Chance"

There are many splendid charitable organizations in this country and their work is of the utmost value. But there are numbers of handicapped people whose need is for employment within the limits of their physical or mental capabilities, rather than outright aid. Goodwill Industries, which operates in more than 100 American and many foreign cities, is geared to meet that need.

Its slogan is "Not Charity, But A Chance." Its plan is as effective as it is simple—to create jobs and provide training for handicapped people out of the repairing of contributed clothing and household articles. These materials are collected from homes and brought to its workshops. There they are made usable and sold, and the handicapped receive the proceeds.

Goodwill Industries, in sum, helps people to help themselves. It is non-profit organization, operating under special provisions of the Federal wage-hour law. It is bringing new life and hope to multitudes of unfortunates.

## Nice Bonus

A typical employe of business enterprise is being paid more than you think.

That is the substance of a study just completed by the Chamber of Commerce of the United States. It deals with the employe fringe benefits paid for by

employers and is based on a survey of 1,020 firms. Those fringe benefits—which include pensions, vacations, sick leave, insurance, and so on—don't show up in the pay checks but they're mighty important. Last year they averaged \$981 per full-time employe—an increase of \$182 since 1955 when a similar study was made.

That works out to about \$80 a month—which is a nice bonus in any language.

## Censorship Through Taxation

Ask anyone what the Internal Revenue Service is and you'll get some such answer as this: "It's a Federal administrative agency, whose duty is to collect taxes as provided in revenue laws passed by 'Congress.'"

But the Internal Revenue Service is going far afield from its proper and established function. It is, in effect, setting itself up as a censor of what enterprises and organizations may say in their advertising, on pain of heavy tax penalties. It is also making decisions that are purely within the province of business management.

Here is the remarkable and menacing story.

Internal Revenue Service has ruled that electric utility companies cannot regard the cost of institutional advertising, which presents their side of the public-private power controversy, as a legitimate business expense, deductible in income tax returns.

Internal Revenue Service has also ruled that the cost of literature opposing socialism issued by one of the country's most respected professional organizations, the Association of American Physicians and Surgeons, is not exempt from tax.

Internal Revenue Service has also disallowed public relations advertising placed over a four-year period by the Timken Roller Bearing Company. This advertising discussed the Bill of Rights, Capitalism vs Socialism, principles of taxation, and other such matter.

In other words, Internal Revenue Service holds that advertising designed to sell products or services is a legitimate business deduction—but that advertising designed to maintain an economic and political climate in which private enterprise may successfully produce those products and services is not. It is attempting to muzzle the right of people to speak their minds freely and without penalty—and, in doing that, to prevent other people from knowing and weighing both sides of controversies.

If Internal Revenue Service's incredible stand is maintained, no one will be immune. Anyone may be faced with the choice of accepting bureaucratic censorship—or of paying a heavy penalty for exerting absolutely basic rights which are supposed to be guaranteed by the Bill of Rights. This is one of the ways in which dictatorship begins.

## An Ad in the Paper

One of the most valuable tools that has been used for combatting the current recession is the advertising power of home town and neighborhood newspapers. At the end of every production line stands the consumer and national prosperity is but the sum total of local prosperity. In thousands of communities all across the country because of editorial comment encouraging people to buy in their own neighborhood or in their own home town and as a result of newspaper advertising programs undertaken by local merchants, local retail sales, the pulse-beat of national prosperity, have been much encouraged.

An ad in the local paper has always been the mark of a successful business and the experience of recent months has only served to prove the point.

Congratulations to Mr. and Mrs. Roger Grassi, Burr Oak Lane, on the birth of a son, born August 19, in Victory Memorial hospital. The new little fellow weighed 10 lbs. 5 oz., and was named Peter Robert. Anxiously awaiting his homecoming were big sisters, Kathy, Laura and Patty.

Mrs. W. Hughes, Ohio, and Mr. and Mrs. Arthur Kimberly were Saturday evening guests in the Lowell Graves home.

A visitor this past week in the Herbert Bechtel home was Mrs. Bechtel's brother, Robert Holder, New York City. Mr. Holder returned to New York to continue in his senior year at Columbia University, where he is to receive a master's degree to become a teacher.

Craig Henderson will be a chess instructor at the Waukegan Township High school adult evening class on Thursday.

Mrs. Ruby Holder, Miss Marie Holder, Miss Carol Holder and Mr. Joe Holder from Granite City, Ill., are vacation visitors in the home of a daughter and sister and family, the Herbert Bechtels.

Carol Blackburn, Buffalo, N. Y., and Mr. and Mrs. Harry Smithers, Ogdensburg, N. Y., have been visitors this past week in the home of Mr. and Mrs. Clarence Klefner and family.

Mrs. Alberta Skelton and two children of Evansville, Ind., have been the guests of Mr. and Mrs. George Skelton on Fairfield rd. They returned home Tuesday.

Lindenhurst was represented in the Grayslake flower show Wednesday, Aug. 21, with Helen Skelton and Marge Fabry having winning entries. Marge was the proud winner of three ribbons, her roses winning two and flower arrangements winning one. Helen won on her gladiolus and rubrum lily.

The Lindenhurst Garden club held its regular meeting at the men's club house Monday evening, Aug. 18. The main business of discussion was plans for a card party to be held at the club house Monday evening, Sept. 22, Betty Scharton being in charge of plans. Due to Labor Day falling on the regular meeting date, no meeting will be held until September 8.

A family picnic was held Sunday in the home of Mr. and Mrs. Clyde Risk. Those attending were Mrs. Risk's father, Frank Bocian, brother, Edward Bocian, wife and family, and aunt, Mrs. John Pavo, Chicago.

Mr. and Mrs. Lee Marconini and children, Joyce and Glen, of Northbrook, and Allan Molitor of Skokie

were supper guests in the John Selzer home.

The second annual picnic given by the Lindenhurst Men's club and Ladies' Auxiliary, was a great success. The picnic for members and families of the club was a fun fair for all ages. Prizes for the first, second and third winners for the children and adult games, were awarded to several lucky winners. The children were given free milk, pop, ice cream and crackerjack.

**U. of I. Food Report**Chicago Retail Food Markets  
August 25-30

CHICAGO—Foods at long last receive due credit for declining consumer price indexes. Down in July largely because of produce glut and low costs, the August indexes will drop more, thanks to major meats, led first by beef and punctuated this week with a sharp predicted break in the pork market. For good measure, fats and oils are off, too,

adding their weight of record production and yield to the retrenching index ratings.

Chicago-area food markets take on added interest with the approaching Labor Day weekend, which finds wholesale and retail outlets gearing for a typical holiday merchandising situation. Surrounded by abundance of feature opportunities, it is impossible to draw a bead on consensus prices. To the consumer, this simply means "shop around." Nowhere, however, are any serious trouble spots seen in meats (except scarce, high-cost veal), dairy, produce, grocery and specialty lines.

The weekly University of Illinois consumer service food survey for the week ending Aug. 30 and over the holiday shows one of the best bargain selection ranges of the summer, thanks to the return of both fresh and cured pork to the value fold.

The line-up looks like this: Meats—pork roasts and chops, bacon, hams, lamb leg roasts, beef pot roasts; poultry—small eggs, turkey, frying chickens; produce—bananas, peaches, grapes, potatoes, sweetcorn, tomatoes.

Shoppers will find many other values, particularly in picnic lines, even though some of these are considered the best profit makers for stores seeking advantages in the wholesale glut of produce by retail margin-taking on many of these items.

Pork created the sensational news of the week. The long expected and speculated downturn came just about on schedule with heavy arrivals of hogs. Markets are now in the largest summer hog slaughter program in 14 years. This volume is building severe pressures, causing sharp drops at wholesale that are moving rapidly through retail.

Here are some typical much-lower cost examples noted: End rib chops 35c, rib roasts 39c, pork loins 59c, center chops 79c, fresh butts for roasts or steaks 49-59c. In cured lines, top brand hams quote 79-85c (two weeks ago 85-89c), smoked butts 59-69c. Hams are available in many sizes and cuts. Features will abound on whole, smoked shank portions at 49c and perhaps lower, center slices 89c, and ready-to-eat

whole hams 59-65c.

Most beef prices are steady with last week at all market levels, with fewer price concessions to confuse the public. Price ranges will be wider between stores for comparable qualities. Lamb leg roasts continue to drag demand-wise.

In other market situations, the U. of I. notes:

Storage stocks influence dairy pricing. Much less Swiss and American type cheese is on hand than current averages, but a little more of all other varieties—making cheese a spot bargain item. Much less butter on hand and there are market indications of higher costs currently. Eggs in cold storage are quite short of supply averages, but pullets are up in seasonal supply and price the traditional 3 dozen for \$1.00.

Turkey is being marketed on an entirely different pattern than a year ago. Holiday consensus price is comparable—45c for new crop birds. Frying chickens, plentiful and cheap for weeks to come, seldom more than 30c.

Bananas are cheaper—off a good 75c a box on the biggest volume reaching market this summer—retail tags for the weeks ahead to read a common 2 lbs. 29c. Other items costing less this week are: Celery, snap beans, cauliflower, peppers and tomatoes. Higher: some greens, including radishes, green onions.

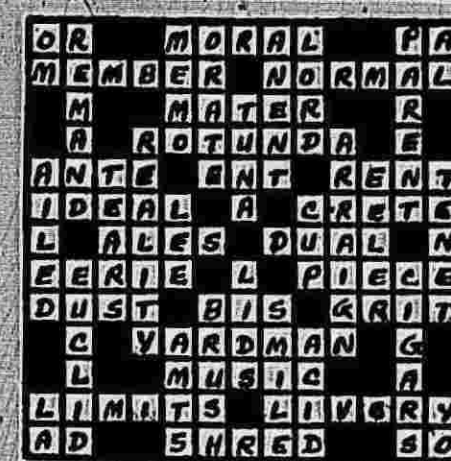

With record production coming up for oil crops, and even lard more plentiful, the trend of down should continue for fats and oils in grocery departments. Other grocery values this week: coffee, applesauce, tomato juice.

## Sandra Lee Tegelman Bride of R. W. Gilday

Miss Sandra Lee Tegelman and Russell William Gilday were united in marriage August 2, with the Rev. Alfred Henderson officiating. The double ring ceremony took place at St. Peter's Catholic church in Antioch.

The bride is the daughter of Mr. and Mrs. John Tegelman, 680 North Main St., and the bridegroom is the son of Mr. and Mrs. Roger Gilday, Rte. 1, Grass Lake.

The bride, given in marriage by her father, chose a full-length gown of bridal satin with fitted torso bodice and long fitted sleeves of chantilly lace. Her bouffant skirt was fashioned with a wide lace panel in the front which swept into a chapel train. Her fingertip veil was held in place by a lace crown trimmed with seed pearls and sequins. She carried a cascade bouquet of stephanotis and carnations.

Miss Peggy Tegelman, sister of the bride, maid of honor, chose a street length gown of aqua nylon chiffon. She wore a matching picture hat and carried a basket of daisies and snapdragons. The Misses Susan Gilday, sister of the bridegroom and Jean Filiatreault served as bridesmaids and their street length gowns were of yellow nylon chiffon over taffeta. They wore matching picture hats and carried baskets of daisies and snapdragons.

Attending the bridegroom as best man was his brother, Roger. Ushering were Edward Ring and Robert Banasack.

The flower girl was Judy Hotchkiss.

Following a reception at the V. F. W. Club at Lake Villa the newlyweds left for a wedding trip through Northern Wisconsin and Michigan. They are now at home at 1001 Main street, Antioch.

## Miss Wolf Recent Bride of M. Haviland

Miss Rosemary Wolf, daughter of Mr. and Mrs. Herman Sterbenz, became the bride of Michael Haviland, son of Mr. and Mrs. Bernard Haviland in ceremonies at St. Peter's Catholic church August 23. The Rev. Alfred J. Henderson officiated at the service.

The bride, given in marriage by her father, chose for her wedding a floor-length gown of organza with imported lace appliques accenting the neckline and skirt. A crown of orange blossoms held her fingertip veil. She carried a cascade bouquet of lily-of-the-valley and roses.

Maid of honor, Miss JoAnn Fagan and the bridesmaids, Mrs. Thomas Haviland, Mrs. Jack Palmer and Miss Linda Sterbenz, wore street length gowns of pink dotted swiss with bouffant skirts and matching picture hats. They carried baskets of pink and white carnations.

Thomas Haviland attended his brother as best man. Allen Masopust, Richard Wolf and Mike Sterbenz ushered.

Kathleen and Carleen Wurster served as flower girls. The newlyweds left on a wedding trip to New Orleans following a reception at the Fox Lake American Legion home.

Mr. and Mrs. Elvis Erkman of Carmi, Illinois, spent last week with their sister, Mrs. Homer Gaston and other relatives in Antioch, returning home Sunday.

## Gets Shell Station Training Certificate

Thor Neumann, Lindenhurst, left, receives from Mike Simpson, right, instructor for the Shell Oil Co. a certificate of achievement after completing the company's advanced training and development program in modern service station operation and management. Neumann, who resides at Fairfield rd., Lindenhurst, operates the new Shell Service station at Grand ave. and Engle dr., Lindenhurst. He received his training in Chicago.

## Women of the Moose Have Senior Regent As Guest at Meeting

Alma Harris, senior regent of the Women of the Moose and a member of the Cicero Chapter 747 was a guest of the Antioch Chapter 735 at its meeting Thursday, Aug. 21 at the Moose Home.

The Cicero chapter won high honors at the International Congress held in Chicago this year.

Sr. Regent Harris, a former resident of the Antioch area, was accompanied by her aunt, Irene Ellen, who has a summer home at Channel Lake.

Four candidates were balloted upon successfully by the 47 members present and will be installed at Chapter Night, Sept. 4. The candidates are Mesdames D. L. White, Charles Narid, Bruce A. Barnes, and Eleanor Koch.

The annual bus trip to Mooseheart will be taken on Sept. 24, and any member wishing to attend should call Jr. Rgt. Emogene Case 820 or Chaplain Jane Verkest 335-M-1 as soon as possible so that transportation can be arranged.

The Mooseheart committee will hold a bake sale at the Ford Sales in Antioch from 10 a. m. to 2 p. m. Saturday, September 6.

## W. S. C. S. TO MEET WEDNESDAY

A meeting of the Woman's Society of Christian Service will be held Wednesday afternoon at Wesley Hall. Mrs. O. W. Turner will have charge of the program. Mrs. Alonzo Runyard will lead the devotions.

## MRS. ELAINE TOMAN PRES. WOMAN'S AUX. OF FELTER'S SUBD.

Mrs. Elaine Toman was elected president of the Woman's Auxiliary of Felter's Subdivision at the annual meeting, held Sunday at the club house. Other officers elected were: Mrs. Janice Hagstrom, vice-president; Mrs. Shirley Cannon, secretary, and Mrs. Dolores Johnson, treasurer. Mesdames Ida Lokke, Kay Christopherson and Phyllis Kapischek were appointed directors. Mrs. Melba Lindley is the outgoing president. Refreshments were served following the business session.

## MRS. DOTY HOSTESS TO MEMBERS OF I WILL CLUB

Mrs. Carl Doty was hostess to the members of the I Will Club of Chicago at her home in Felter's subdivision, Wednesday. The I Will Club is affiliated with the Illinois and General Federation of Women's clubs. Mrs. Doty is vice-president of the Chicago club.

## REBEKAHS ENTERTAIN

Lakeside Rebekah Lodge held a regular meeting last Wednesday evening, at which time the wardens, conductors and musicians of the lodges in district 3 were honored guests. Lodges represented were Waukegan, Highland Park, Libertyville and Antioch.

The next regular meeting of Lakeside lodge will be Sept. 3, following which, Lakeside will be hostess to the Alma club of District No. 3.

Mr. and Mrs. Floyd Gordon of Ottawa, Ill., spent the week-end with their daughter, Mrs. Donald Gaston and family at Rock Lake. Ralph Gaston, grandson of the Gordons, accompanied them to Rock Lake, after spending a week with his grandparents.

Mr. and Mrs. Joseph Rhymmer and daughter, Mrs. C. W. Wykoff and family returned home after a month's vacation in Michigan.

Mrs. Ruth Liddle returned home Tuesday after undergoing surgery at a Kenosha hospital.

Mr. and Mrs. Edmund Vos and daughter Luisa returned to Antioch Thursday after two months spent in Europe. They visited France, England, Italy, Switzerland, Germany, Holland and Belgium.

## Open House, Exhibit At Lake Villa Library Termed Fine Success

Mrs. Ted Belke, librarian of the Lake Villa Township Library, reports that the recent Open House and Art Exhibit held as part of the Lake Villa Days celebration was a fine success. Many visitors enjoyed viewing the art prints borrowed from the State Library and seeing many beautiful summer flower arrangements by the Lindenhurst Garden Club.

During the past month, several excellent books were presented to the library by Charles Wullenbueher, Mrs. William Marks, Mrs. Marion Hedberg and William Bocox, father of P. E. Bocox of Lake Villa.

Two book memorials have recently been established: one in memory of the late Gertrude Miller Hamlin by the Roger Prossies, and one in memory of the late Mrs. Violet Mosby by Mr. and Mrs. Archie Bausch of Burlington, Wis. Both funds are being used to add books on Flower Gardening to the shelves.

The Lake Villa librarian and her board of directors believe that one of the finest ways to honor friends or loved ones and at the same time serve your community is to have a book, or a group of books, placed in the library. Each book bears a bookplate inscribed with the name of the person being honored and the name of the donor.

## ECONOMY TV TOPICS

(By Harold "Pete" Peterson)

### ANTENNAS

We were called out on an antenna job the other day and what I experienced might help anyone who is contemplating erecting their own antenna system. This fellow put his antenna high up on a barn roof top some two hundred feet from his home. His reasoning was that it was higher and therefore it would get him a better picture.

First of all, the longer the lead-in, the weaker the signal becomes. And second, height is not always the answer for the best antenna; other considerations coming before it. In this case, the right type of antenna directly on his roof was the answer to receiving the best signal.

Phone ANTIOCH 1454 and let the ECONOMY TV on Rte. 173, 1 mile west of Antioch, service your antenna problem. We have had numerous experiences in this area and will guarantee you results. It will cost less in the long run.

loit section. This is designed for safety reasons, but the limit does not harmonize with state law, nor with Edens Hwy., where the limit is 65-miles an hour.

Only two toll collection stations are arranged at this time. The reason for this is that officials considered that other stations would not pay for themselves, and as previously reported there is an area between Grand avenue and Deerfield road where no collection is made.

The new highway will be patrolled and instructions given that in event of vehicle trouble, the motorist need only to pull off the pavement, raise the hood of the motor or hang a handkerchief outside the window and a police car will radio for help.

Construction of a restaurant operated by the Fred Harvey Co. is in progress at the tollway near Lake Forest and there will be a gasoline station there also. The restaurant will be over the highway and ramps will be so arranged that the cars may leave or enter the lanes without crossing or interrupting traffic.

### Antioch Bus Schedules

School buses will be in operation starting the first day of school for the Antioch Grade Schools, Tuesday, September 2. They will pick up children in the morning and return them to their homes before noon after completing a morning of

### registration.

Bus schedules will be as follows: Bus "D" operating on the same schedule as last year will pick up all grades on North Avenue, north shore of Channel Lake, and the north side of Lake Catherine at 7:50 a. m. Bus "D" will return to Tiffany Road, Route 173 and Channel Lake where only upper grade children will be picked up on the first trip. At 8:20 a. m. this bus will make a second run to Channel Lake, by way of Tiffany Road, and pick up only lower grade children.

Bus "C" will start picking up students in Oakwoods Knolls at 7:50 a. m. and go directly to the new Antioch school at Oakland by way of North Avenue and Deep Lake Road. This bus will make a second run east of Oakland picking up children there between 8:15 a. m. and 8:30 a. m.

Bus "B" will start loading at Little Silver Lake at 7:40 a. m., then go south to Route 173 and pick up children along that highway; then south to Loon Lake where all children will be picked up at about 8:05 a. m.; then go directly to the new Oakland building by way of Crooked Lake picking up students in that

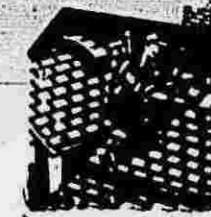

area between 8:20 a. m. and 8:25 a. m.; then returning to Oakland by way of Golden and Loon Lake roads.

### Afternoon Schedules

The afternoon bus schedules will be as follows: Antioch Building—3 p. m.—Bus "D" lower grades west—Channel Lake, Tiffany Road and North Avenue; 3:30 p. m.—Bus "D" upper grades west—Channel Lake, Tiffany Road and North Avenue.

Oakland Building—3 p. m.—Bus "B" all grades to Deep Lake, Crooked Lake, and Golden's Road. 3 p. m.—Bus "C" all grades east Jack Road, Miller's Road, Savage Road and White's Road. 3:30 p. m.—Bus "B" all grades to Loon Lake, Route 173, Lagoon, and Little Silver. 3:30 p. m.—Bus "C" all grades to Deep Lake Road, North Avenue, and Oakwood Knolls.

St. Peter to Enroll 380. St. Peter's Grade School is expecting an enrollment of 380 pupils in the eight grades this year. Classes will meet Wednesday morning for an abbreviated session. One new teacher, Sister Mary Edmund, is on the staff this year, coming here from Chicago. The classes will be taught by seven nuns and one lay teacher.

### TIRE AIR

A lot of drivers will inflate their car tires a couple pounds over the manufacturer's recommended pressure. You get more mileage from the tire and you do better with gasoline, too. However, you sacrifice a somewhat softer and more comfortable ride.

But here a safety note from JOE & DON'S TEXACO SERVICE about this practice. Do not ever exceed the two pound pressure increase, and be sure that your tires are in good condition. Old and worn tires, especially in the summer time, may not be able to stand the added pressure build up due to the added expansion as the tire gets hotter. Over-inflated tires are more dangerous on slippery roads, too.

Drive in at 970 Main St., and let us check your tires often. You'll like our auto services.

## High School Is Your Big Business During Summer As Well As Winter

(Editor's Note—The following contributed article is the first of a series explaining the operation of the Antioch Township High School and deals with the employment of the staff and other school business.)

**Office Staff Busy Year Around—** It's "business as usual" in the High School office these last few weeks before the opening of a new school term. Vacations are a thing of the past, and the staff is trying to insure that every one of the 700 registered students will be placed in the class of his choice for the seven periods of the school day.

When school is dismissed in June for the summer vacation the first order of the day consists of the compilation of the numerous reports required by the State of Illinois—Transportation and State Aid Claims, etc. The school is allowed to claim a certain percentage of aid from the state for each student, depending on his attendance in school. This makes the keeping of very accurate attendance records a must. The school is not paid for the days a student is absent—nor on the basis of total enrollment. Officials must keep a record of every day a child is in attendance during the school year—it means money in the school's pockets.

As soon as these reports are finished and on their way, the administrators begin to evaluate the teachers' inventories and requisitions for material for the coming year—also, of course, all the material and equipment necessary for operating the school. When these facts are known, bid lists are sent out to the careful study by the Board of Education as to just what is absolutely necessary, and where to buy it, purchase orders are made up and sent out. Bids are also asked of suppliers of fuel and milk, and a decision made as to which company can supply the "most for the least."

### Select New Teachers—

During this time, also, the job of lining up the staff for the coming year must be accomplished. There are 66 teacher placement agencies in Illinois, Indiana, Wisconsin and Iowa which are contacted in recruiting new and replacement teachers in the staff. The information goes out to all the agencies as to the type of position open, qualifications desired, etc. They, in turn, act as liaison between our school and teachers who have listed their qualifications and desires with them. When a teacher is interested in a position at our school, there is a series of correspondence with the Board of Education before a personal interview is arranged.

### Save Money on Forms

Along in July the administrators begin to organize their supply of forms. Most of the forms are made and duplicated right in the office, which is a great saving in money. Naturally they wouldn't be able to do this if they didn't have good equipment to work with. Ninety-five per cent of the corridor passes used during the year are issued by the office. Last year we used 60,000 of this one form alone. Daily attendance sheets are kept, showing attendance for each period of the day. Each teacher has a supply of attendance slips which are collected each period. This daily information is transferred to an attendance card file at the end of each day. After every absence, the student must have an admittance form before he is allowed to re-enter his classes. These are made up in two colors—for excused and unexcused absences. There are innumerable other forms—employee health forms which are sent out and must be filled in by each employee's doctor after examination each year; loyalty oath forms for new employees, etc.

### Prepare Teachers' Manuals

Along with the duplicating of forms comes the lengthy job of the teachers' and students' manuals. These manuals (one with information for the students and one for the teacher's guidance) are approximately 30 pages of typewritten material each, and every year some revisions are made, and new stencils are cut. These are mimeographed and the books are then assembled and put together and are ready for distribution on the first day of school—to some 700 students and approximately 37 teachers.

All this should bring us up into August—and our job of programming. The bulk of registration was done last spring, so we have an accurate knowledge of just what students will be with us in September—and what subjects they wish to take. Assistant Principal Polley's job is to apportion the right number of students to the right classes, and be able to fit into each student's school day all of the material he desires to cover, plus study halls, lunch periods, etc., without overloading the classrooms and teachers. When the material is ready to go, each student's program is typed, complete with locker assignment, auditorium seat and study halls.

For the first day of school, we will have letters of information for parents, teachers and students. Letters have already been mailed to all parents of freshmen, concerning the physical examination required of all entering students.

Of course the general run of business goes on too—summer as well as winter. Bills have to be paid, the employees have to be paid—ad infinitum. The extent of this can be read in the school treasurer's annual report.

Incidentally—cartons by the half-dozen are coming in every day now

—our purchase orders bearing fruit. Invoices must be checked with the contents and orders, and the material distributed and put away for use in September.

We hope this will answer to some extent the question we hear so often—"What in the world do you do all summer when the students are on vacation?"

## Illinois Tax Facts

The 1957 General Assembly stiffened the responsibility of Boards of Review in the matter of equalizing assessed valuations between taxing districts, the Taxpayers' Federation of Illinois said recently.

For example, if assessments of property in one township of a county are made at full value, while in another township of that county, the same kind of property is assessed at a fractional percentage of its full value, it becomes the duty of their Board of Review, now in session, to adjust the assessed values in these two townships so that both reflect the average percentage of assessed

to full value throughout the county. However, the Board may not increase or decrease the aggregate assessment of any assessment district, in any one year, by more than 25% of the equalized value of such district for the previous year, additions and depletions excluded.

The Board is now required to report the result of its equalization process to the Department of Revenue within 10 days after adjournment. Adjournment dates for Boards depend upon county population: Up to 50,000, September 7; from 50,000 to 75,000, Oct. 7; from 75,000 to 100,000, Nov. 7; and for counties over 100,000 population, Dec. 7.

In this, the quadrennial year for

counties up to 100,000 population, the County Board may not approve an extension of the adjournment date beyond 30 days. In counties over 100,000 population, the extension cannot exceed 20 days.

From the summary in the assessor's book it is a simple task to list on a columnar sheet the average

assessed value of the various classes of personal property and of land per acre, by townships, for comparison each with the other.

Therefore, the principal objective of the Board of Review, particularly during this quadrennial year, is to eliminate the inequities or inequalities growing out of the differ-

ent judgments as to values proposed by local assessors.

The Tree Farm program of growing timber as a crop on taxpaying lands, sponsored by the forest industry, is helping thousands of small landowners to realize regular income from tree crops.

PLENTY OF HOT WATER FOR SHOWERS

PLENTY OF HOT WATER FOR AUTOMATIC WASHERS

PLENTY OF HOT WATER FOR DOING DISHES

Tip for home owners:

## You'll be happier with a new FAST Electric Water Heater

All the hot water a big family needs—automatically, electrically—24 hours a day!

This is the new kind of electric water heater. It is compact, economical to own and operate and is designed to deliver plenty of hot water fast. Enough for showers, shaves, big automatic washers, electric dishwashers and cooking needs.

Clean, foolproof, fully automatic.

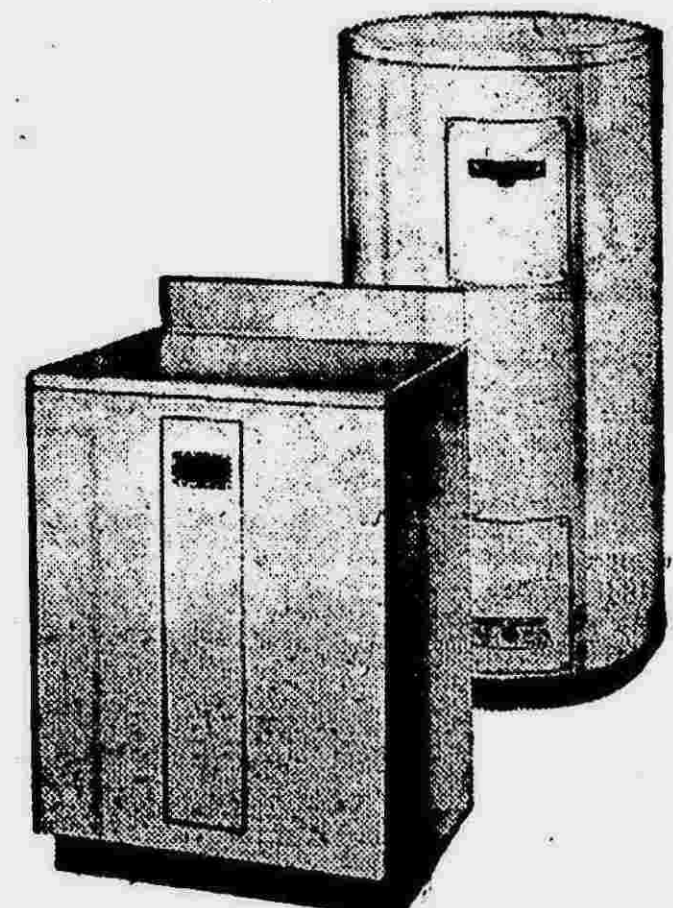

Fast Electric Water Heaters are clean as electric light. No fumes, no fumes, no dirt. No pilot to light, or blow out. You can go on a trip

without turning it off. So you have hot water at the turn of a tap when you return.

Compact, easy to install, economical! Because no flue is needed, a Fast Electric Water Heater fits easily in a closet, kitchen, utility room, bathroom—wherever you want. Takes no more space than a dishwasher. Shorter pipe runs mean less heat wasted by water cooling in pipes. Most makes have a 10-year warranty, even longer life expectancy.

Modern builders everywhere are featuring new

### Jack Pregoner Tops Appalachian League With 6 Wins, No Loss

Jack Pregoner, son of Mr. and Mrs. Louis Pregoner of Grass Lake, is making good in a big way as pitcher for the Salem, Va., team in the Appalachian League.

A dispatch from Wytheville, Va., Aug. 21 reports that in Salem's victory over Wytheville, Pregoner chalked up his sixth win with no losses.

It was the third time that Jack had stopped the Cards this year, and spoiled their chances of regaining first place in the league.

Although he was touched for nine hits, Pregoner was effective in pinches and 10 of the Wytheville Cardinals were stranded on base.

Salem is a farm team of the Pittsburgh Pirates.

Jack is a graduate of Illinois Wesleyan where he played outstanding ball and played with the Wisconsin State League before going to Salem.

### High School Class Of 1933 Reunited In Dinner Meeting

Twenty-one members of the Antioch Township High School class of 1933 and guests got together at a dinner Saturday evening at Smart's Country House, reviewed school days and brought themselves up to date on events since their graduation 25 years ago.

Among guests were the class advisers Miss Alice E. Smith and Mr. Gerald Reed; Miss Cornelia Roberts, English teacher; Hans Von Holwede, music teacher; and Mrs. Mildred Hulik Chambers, office secretary in 1933.

The class officers were present. They are Mrs. Wilma Musch Gibbs, president and William Brook, treasurer. Of the 40 members who graduated with the class, and could not be present at the reunion, many sent cards and letters to be read at the dinner. Residence of those heard from shows that one of them lives in California, one in Arizona, two in Florida, one in Iowa, one in Ohio and the rest reside in Illinois, Wisconsin and Indiana. One member of the class is deceased.

Word was received from one other teacher, Mrs. Margaret Phillips, dramatics teacher.

The class arranged to have another reunion in five years.

### BOOSTS BONUS MEASURE

Elmer Kasting of Lake Villa announced that he has been appointed by district V.F.W. officials to work for the success of the Korean Veterans bonus in the Lake Villa area.
